

Melenie Duval, at Gallatin County WIC, is interested in organizing as a large or small group for a discount on the Distance Learning Opportunities (video streaming). The cost will be dependent on the level of interest. Please contact her if you would like to participate or for more information on this distance education opportunity at Melenie.Duval@gallatin.mt.gov.

This continuing education program focuses on the improvement of maternal and infant health through the delivery of risk-appropriate, high-quality, nutrition services. It is designed for dietitians, nutritionists, certified nurse midwives, registered nurses and nurse practitioners, physicians and public health professionals who serve preconceptual, pregnant, postpartum and breastfeeding women. Visit the program [web site](http://www.sph.umn.edu/ce/mnic) to learn more and to register.

Conference Topics

This year's conference topics include:

- Nutrition and Infant Mortality
- FASD Identification & Treatment
- Street Drug Use Among Pregnant Women
- Baby-Led Weaning
- Predictors of Obesity Among 4 year old Children
- Nutrition, Neonatal Growth and Cognitive Development
- Substance Use and Depression in Postpartum Women
- Nutrition, Obesity and Male Reproductive Health

Distance Learning Opportunities

Distance education options are available for certain sessions. Up to 13.75 CEUs are available for distance viewers. The distance education program will be available from October 24 through December 31.

Additional information about the program, along with registration materials, can be found on the [web site](http://www.sph.umn.edu/ce/mnic).

We're transitioning the National Maternal Nutrition Intensive Course mailing list to a new service. To opt in to our new list [sign up here](#).
